📁 EXPERIENCE

KRAN Consulting Pvt Ltd

Associate Software Engineer

10/2023 – present | Trivandrum

- Contributed to the development of enterprise web applications for government clients.
- Developed back-end services using **Java**, **Spring Boot**, and **Oracle 12c**.
- Built secure REST APIs with **JWT** and **Spring Security**.
- Designed and integrated dynamic front-end components using **Thymeleaf**, **Bootstrap**, and **JavaScript**.
- Implemented modules for user registration, access control, and audit tracking.
- Worked with **JPA/Hibernate** for database operations and query optimization.
- Participated in **Agile sprints**, code reviews, and cross-functional development efforts.
- Used tools like **Git**, **Maven**, and **Postman** for versioning, build automation, and API testing.

🧠 SKILLS

Java | Spring Boot | RESTful APIs | Spring Security |
Oracle 12c | MySQL | Thymeleaf | Bootstrap |
HTML / CSS / JavaScript | Git & Version Control |
Agile / Scrum | Code Review & Debugging

📖 COURSES

Full Stack Java Development

Jspiders, Rajajinager, Bangalore

09/2022 – 06/2023

Course ID: RAJ-JSP-1526

- Core Java
- Web Technology
- J2EE
- SQL
- Frameworks

📁 PROJECTS

Audit Management System

10/2023 – present

- Developed secure, role-based modules for managing government audit operations.
- Built and integrated **REST APIs**, **data encryption**, and **audit workflow features**.
- Designed responsive web interfaces using **Thymeleaf**, **Bootstrap**, and **JavaScript**.
- Utilized **Spring Boot**, **Spring Security**, and **Oracle 12c** as the core technology stack.
- Delivered modules aligned with UAT feedback and government compliance needs.

Banking Process

Design And Development

03/2023

- Developed a full-stack banking application using **HTML/CSS (frontend)**, **Java & J2EE (middleware)**, and **MySQL with Hibernate (backend)**.
- Implemented **user signup/login**, **admin dashboard**, and database integration.
- Enabled creation of **savings and current accounts**, with features to **transfer**, **withdraw**, and **view transaction history and balance**.

🎓 EDUCATION

BE - Computer Science and Engineering

Ponjesly College of Engineering

07/2022

CGPA:7.5

📜 CERTIFICATIONS

- **Full Stack Java Development** — Jspiders, Rajajinager, Bangalore | Sep 2022 Jun 2023 | Course ID: RAJ-JSP-1526

- **Web Development Training** — Internshala | Sep 2021 Nov 2021 | Credential ID: BE7EA69A-25F9-B9A7-160A-9BFD FDC8AEB
